

Ø Lockers

Locker columns & Wardrobes

All SSI SCHAEFER locker columns and wardrobes can be quickly installed without structural alterations and extended as required at any time. Their extraordinary versatility offers both individuality and enormous space saving effects. For instance, up to 20 lockers take up little more than 1 metre of room length

The advertisement features four images of locker columns. In the top left, a white locker column is shown with several compartments, some of which are open, revealing a red bag and a blue bottle. In the bottom left, there are two smaller locker columns: one with yellow doors and one with green doors. On the right side, a larger locker column with red doors is shown with its doors open, revealing a white interior with multiple shelves and compartments.
