

## Ø Mobile Shelving system

Mobile Shelving is an innovative space saving storage system with storage units mounted on mobile trolleys, thereby eliminating un-productive aisles. It has a simple and elegant construction with minimal maintenance

The main advantage of the system is that it saves and/or makes best use of the space as more storage units can be accommodated on the same floor area. Mobile Shelving virtually doubles your storage capacity. Ideal for high density document & industrial storage applications, excellent flexibility, functionality and aesthetics are added features of this space saving system. This system is ideal for storing files, stationary, bulk documents, manuals, tapes, computer disks, perishable goods, laboratory equipment, packaging material and other high value items with restricted access. The effort required for the movement of the storage unit is about 0.05% of the dead load.

### Benefits:

- Better use of Space: Only one aisle is needed between run of shelving which can increase utilization close to 100%. Ideal for storing bulk documents, archival storage, maintenance stores, Quality Assurance departments, etc.
- Security: The design of the system can prevent access by unauthorized people. It also limits the spread of dust etc.
- Effortless Movement: Anti-friction bearings and efficient drive mechanism ensures easy and smooth movement.
- Easy Adaptation: The wide range of sizes available allows the system to maximize available cubic space. Its light tone finish blends with any environment.
- Aesthetics: Scratch resistant, uniform and lasting finish that remains attractive for years. Wide variety of colour combinations is available.
- Easy Assembly: Its modular construction makes assembly and handling easy. Hardly needs any maintenance.

### Accessories:

Mobile Shelving now comes with a wide range of accessory components:

- Step Ladder
- Central locking
- Individual doors
- Pull out drawers

- Pigeon holes panels
- Wire mesh shelves
- Light fittings
- Bar coding integration
- Instadex file pocket cradles

**Applications:**

**Material Storage in:**

- Auto & Auto Ancillary units
- Light Engineering
- Pharmaceutical manufacturing units
- Defence sector
- Distribution Centres
- Hospitals & Hotels

**Document Storage in:**

- Banks
- Archives
- Record Management Service Providers
- Pharmaceutical companies
- Financial Institutions
- Government Institutions
- Educational Centres
- Research Institutions

**Art & Drawing Storage in:**

- Art Galleries
- Museums
